

No Illness Allowed Prayer by Glynda

During a recent period of illness and then again after I got well, the enemy began putting symptoms on me of something I know is a fatal illness. I thought about it and, knowing the Lord has let me know clearly that I will teach in this final revival, it was time to draw the line. So I went into warfare against the enemy who was trying to put those symptoms on me. It is VERY important you come against any symptoms as soon as they show up – do NOT wait or the illness will take root like weeds in your yard, and its much more difficult to eradicate them once they begin multiplying. Here is my warfare prayer for symptoms.

Satan, that is ENOUGH!!! You are NOT going to put any illness on me in Jesus Name!! (Here I said I knew I would be teaching in this final revival and sickness would be against that, too). I am a Child of God – I call you a Trespasser!! You have NO RIGHT to put anything on me!

In Jesus mighty Name I cast every one of your demons out right now and command you to go to the deepest pit in the Abyss and I command you to stay there and await the judgment of the Most High God! Take your filth and your seeds WITH YOU!! I forbid you to ever return to me again for all eternity, in Jesus Name!

In Jesus Name, I command every symptom (here you can say 'of such and such disease' or you can name each symptom if you want, such as Fatigue, Fever, Pain, Inflammation, etc.) to leave RIGHT NOW!! Don't EVER return to me again for all eternity in Jesus Name!

In Jesus Name, I decree this affliction shall NOT arise a 2nd time!!
(Nahum 1:9)

([Every symptom left immediately and has not been back. If I had waited awhile, I think they might not have left right away.])
