

SPECIFIC ELEMENTS OF HER ATTACKS

There are 4 steps every abuser goes through when grooming their victims, and jezebels are no different. This is how Jezebels groom long term victims such as spouses, children, employees, etc.

1. They rip apart any self esteem you have. This makes you easier to manipulate
2. They relieve you of any money or assets you have. This is to make it harder for you to leave them.
3. They isolate you from any friends or family you have, and you are allowed no new friends. This is because other people will recognize they are abusing you. Jezebel's game is all under the table. She loses her power when you expose her.
4. Then they abuse you any way they want to, when you have no self-esteem, no money, no assets, and no people to help you.

- Lord, Your Word says in James 3:16, that where envying and strife is, there is confusion and every evil work. So I know the person who has started strife with me is suffering confusion and every evil work now due to their sin in this. I pray Lord that you would use this to help them desire to and learn to become actual Christians, not pretend ones. I pray Lord that You will refine what needs to be refined in them and help them become nicer people and get free of Jezebel forever, In Your precious Name I pray this. Amen.
